About Ipca

As one of the world's largest manufacturers and suppliers of over a dozen APIs, Ipca's aspirations to grow have always been backed by an impassioned need to be ever reliable and dependable; an aspect that resonates with several global pharmaceutical leaders whom we partner. Sixty plus years of partnering healthcare globally gives us the momentum to ride the current environmental and regulatory issues that are the biggest challenges for any responsible API manufacturing company.

Exports spanning to 120 countries, Ipca's investments in technology not only help mankind get healthier, but also make for a greener earth.
